***Examiner's Statement of Reason(s) for Allowance***

1. This action is responsive to the request for reconsideration and amendment filed September 15, 2004.

2. Per Applicants' request, claims 1, 10, 13, 19 and 21 have been amended and new claims 24-32 have been added.

3. Claims 1-32 are allowed.

4. The following is an Examiner's statement of reasons for allowance:

Applicants' arguments filed concurrently with the above-mentioned amendment have been fully considered and are persuasive. Therefore, the rejection of claims 1-23 under 35 U.S.C. § 102(e) as being anticipated by U.S. Patent No. 6,564,377 to Jayasimha are withdrawn.

Jayasimha, taken individually or in combination, fails to teach that a functional component, an installation component and a preprocessing interface, as recited in claims 1, 10 and 19, reside in a same software module.

In contrast and as pointed out by Applicants, the installation component of Jayasimha (module 461 in Figure 4) resides on the local computer system rather than being part of a larger module comprising the other two components (i.e., functional and preprocessing interface).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance."
